

NEBULA

THE ELEMENTAL LIGHTING PLANET

INTRODUCE

- ❖ Nebula - the elemental lighting planet is a planet away from the Galaxy of the Earth.
- ❖ The planet is created by the intersection of all four elements and shaping a new world.

- ❖ Those four elements are:

Earth - the fulcrum for life to multiply and develop. Promises special sprouts.

Water - Element of material harmony. Establish a balance for the planet, which is a source of life for a diversity of organism

Air - the breath of the planet. Elemental element covers the space and blows life.

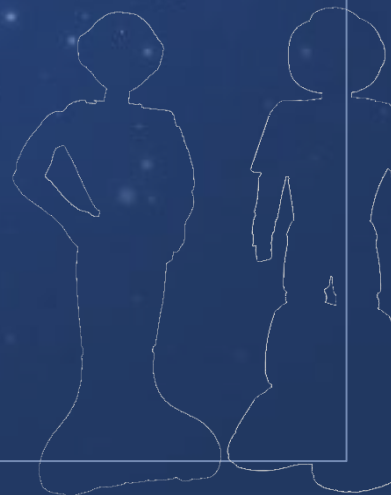

Fire - the source of energy that brings warmth, and represents the pioneer of change and strength.

DETAILS ABOUT NEBULA PLANET

- ❖ Is a new asteroid that has just appeared in the Altaverse universe.
- ❖ Formed from the collision of the four ancient elements, and there appeared life like Earth.

- ❖ This appearance of the planet Nebula will be the beginning of a series exploring the Altaverse universe.

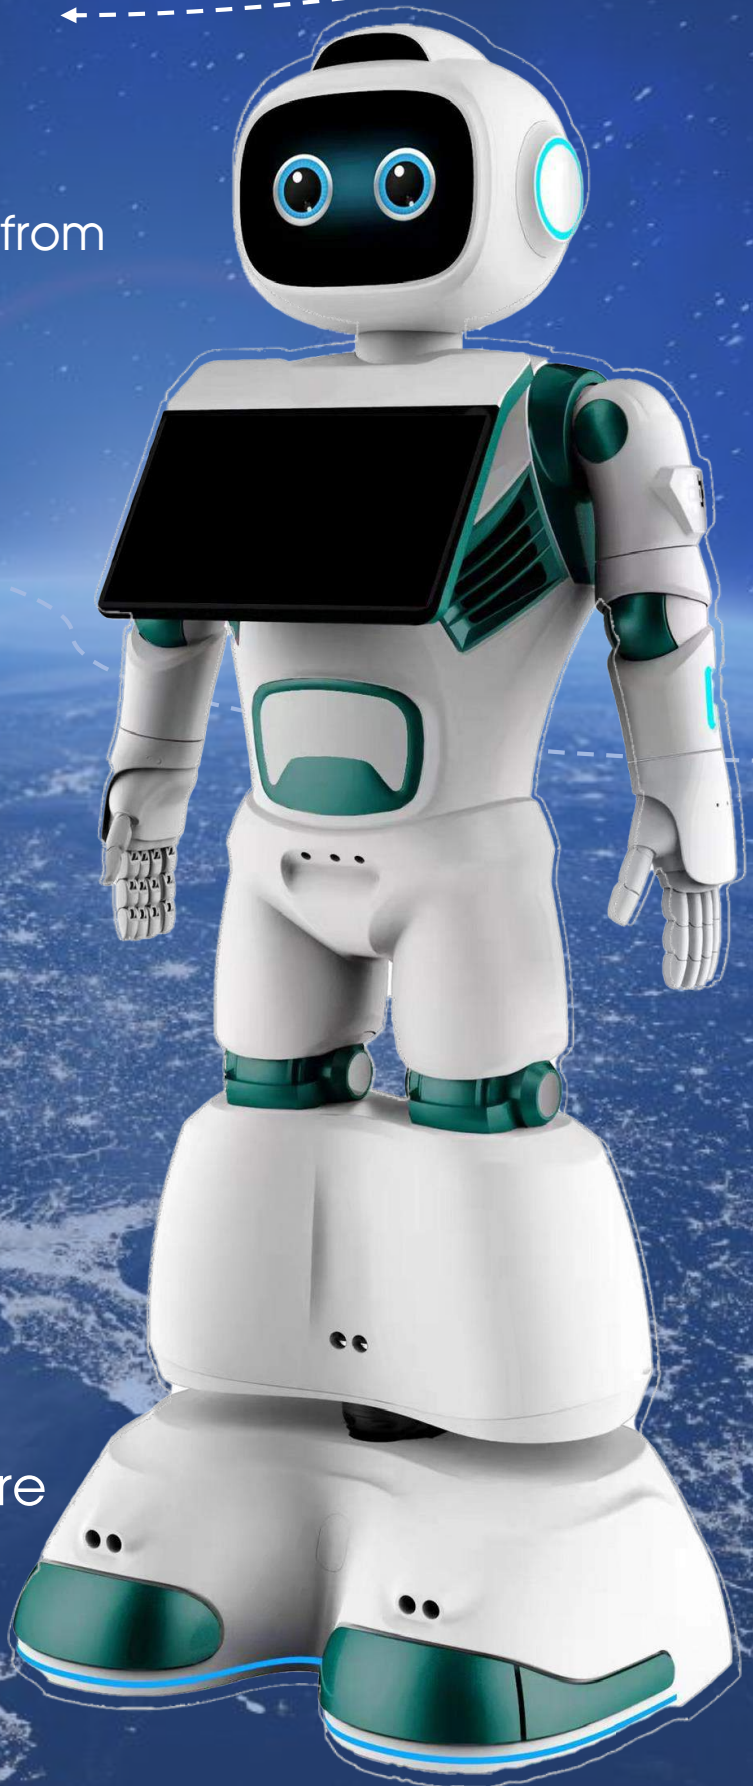

OP CHARACTER INTRODUCTION

TESTU

/ˈtest.tuː/ (Tét-s-tu)

Ambassadors of Peace from
Nebula - the elemental
lighting planet

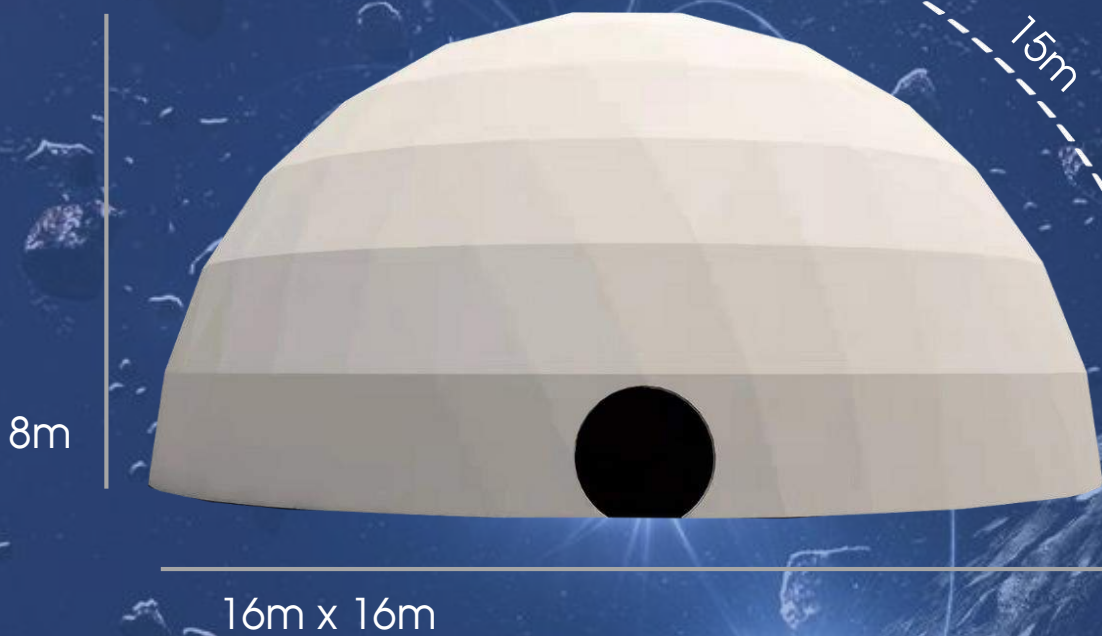

" You know what you're
looking for? I do."

DEMEENSION OF DOME

- ❖ Dome is made from industrial fireproof polyester material
- ❖ Size diameter : 15m
- ❖ The Dome floor has an area of 16m x 16m

TECHNOLOGY

3D MAPPING & LASER

Projector pairing technology: Using a highly configurable hardware system and specialized software that allows multiple projectors to be paired simultaneously to perform content

Virtual reality technology: Creating a virtual environment, helping guests feel like they are lost in a completely new world, with vivid images and sounds.

3D Mapping Presentation Technology: The technique of using light, images to create 3D effects on a surface, though not flat, while helping the image blocks in the three-dimensional space interactive, with objects Real.

Laser mapping: modern technology in event organization, using lasers to project epic 3D images, creating impressions and highlights in the eyes of customers

OS APPLICATION

- ❖ Applied in events, festivals or amusement parks.
- ❖ It will be a destination that attracts many young guests because of its strange and new poison.

- ❖ Easy to install and disassemble .

NEBULA PLANETARY JOURNEY

The planet Nebula has arrived at Dam Sen Park

Nebula planet has been on the news on HTV9

WELCOME TO THE
UNIVERSE OF

ALTAVERSE

LOOK FORWARD
TO THE SURPRISES TO COME
